Veloce Autos Ltd acts as a credit broker and not a lender. We work with a selected panel of finance providers and can introduce you to a limited number of lenders and their finance products. We are not an independent financial adviser. While we may provide information to help you compare products, you are not obliged to follow any suggestions, and you should consider your own circumstances when making a decision.

No Fees to You

We do not charge you any fees for using our services. You will never pay us directly for arranging your finance.

How We Are Paid

When we introduce you to a lender, we may receive a commission. This may be:

- A fixed fee, or
- A fixed percentage of the amount financed.

You are entitled to request information regarding the commission we may receive at any stage — from your first enquiry up to the point your finance agreement is activated.

Impact on Your Interest Rate

Although different lenders may pay commission at different rates, the commission we receive does not influence the interest rate offered to you. Our objective is to secure the most suitable finance package available to you from our panel, at the lowest rate you qualify for.

Customer Best Interests

We are committed to fair treatment and transparency. Your finance rate is determined solely by the lender's assessment of your credit profile, terms, and individual circumstances. Our commission structure never affects the rate, approval decision, or the total amount payable under your agreement.

If you would like a copy of this commission disclosure or wish to request specific commission details relating to your application, please contact us and we will provide this in writing.
